SERVICE MOJEVINO WWW.MOJEVINO.RS

We introduce a new communication channel that will enable your customers to learn easily about your wines and wineries.

Using mobile technology you will be able to manage web sites that are optimized for viewing and using on mobile phones.

QR code technology as well as software and analytical tools we have developed enable you to instantly be informed about which wine is the subject of interest as well as the geographical location where some of the codes are scanned. Also we implemented online shop and wine tour registration, optimized for mobile phones.

Integration with social networks like Facebook, Twitter and Google+, such as sharing a link or liking contributes to the growing popularity of our wines and wineries.

COUCHCOACH - SECOND SCREEN APP FOR BASKETBALL FANS

Couch Coach is a second screen application for basketball fans where they can coach from the couch, propose players and win or lose points based on real-time decisions.

During the game fans are often annoyed because of how their favorite team plays. We are helping them to become a part of the game, help their team win, have fun and win prizes. CouchCoach is a second screen application for

basketball fans where they can coach from the couch, propose players and win or lose points based on real-time decisions. We like basketball and we want to change the game.

We started in december with ABA league <http://www.aba-liga.com/> , and right now we have more than 8000 users.

We finished campaign "Be a Champ" during the Euroleague Final Four 2018 <https://beachamp.couchcoach.me/> .

Our partners are Euroleague, ABA League, Basketball league of Serbia, BC Crvena zvezda, BC Partizan, BC Cedevita, BC Zadar, BC Borac, Sport Klub,
