Bilateral Meetings

- Monday 02:00 pm - 05:00 pm

Description

Institute of Food Technology, University of Novi Sad, is a leading food and feed science and technology research institute in the South-East Europe. The research focus of the FINS is spanning from the innovation in food and feed production, product modification/process optimization to quality and safety assurance as well as human and animal health protection and well-being. The research activities of FINS are supported by human and technical resources, research facilities, laboratory equipment and pilot plants available for industry partners for trial processing on a small-scale, as listed at: <http://fins.uns.ac.rs/index.php?page=pilot-plants>
